

# CALFED BAY-DELTA PROGRAM

## Radio Alert Week of December 1

### MILESTONE LOOMS ON BAY-DELTA SOLUTION

#### WHAT:

The CALFED Bay-Delta Program is nearing a major milestone in its historic effort to address the environmental and water management problems associated with the Bay-Delta system. At the first of the year, CALFED will release its draft preferred alternative for a Bay-Delta solution. On December 3, the Program will host an open house public meeting at the Holiday Inn in Pasadena to gain input from Southern Californians.

#### WHY:

The decisions made over the next few months will impact every Californian. Southern California communities have specific concerns, including:

- What will be the impact on local water quality?
- How will the area's water supply reliability be affected by upcoming decisions about the management of the Bay-Delta system?
- How can local residents express their ideas and concerns to Bay-Delta policy makers?

#### WHO:

**Timothy Quinn, General Manager**  
**Metropolitan Water District of Southern California**

#### CONTACT:

To arrange an interview, please call Jill Esterbrooks at (619) 688-0054.
